## Town heads back to court on Franklin Phonetic School parking citation

1st Street businesses that are paying the CFD town improvements. (Les Stukenberg/Tribune)

*Wants judge to review language in town code*

**By SUE TONE**  
Prescott Valley Tribune

Although a judge dismissed the Town of Prescott Valley's most recent Request for Rehearing, Town Attorney Ivan Legler said he currently is in the process of preparing a new petition in hopes the Court of Appeals will see things differently.

This most recent round of motions stems from a Nov. 29 Motion for Rehearing filed by the town against Franklin Phonetic Primary School,

claiming the previous court erred by incorrectly interpreting town code.

The following day, Nov. 30, Cynthia Franklin, the school's founder and current supervisor, filed a motion for attorney's fees.

On Dec. 21, Yavapai County Superior Court Judge Don Stevens denied the town's request for a rehearing, and awarded the school's request for attorney's fees and costs amounting to \$9,603.42.
