Dear Parents,

This letter is to provide you with new information on Arizona's Move On When Reading (MOWR) law and the new statewide assessment, AzMERIT, will have on the law.

The MOWR law refers to Arizona Revised Statute § 15-701(A)(2), which states that if data on the third grade statewide reading assessment is available and demonstrates that a student scored "falls far below" (FFB) the student shall not be promoted from the third grade. School districts and charter school are required by the law to provide additional reading services to 3rd grade students who score FFB on the statewide assessment. This year AzMERIT will be given for the first time in Spring 2015. As with the first administration on any statewide assessment it will take much longer for schools to receive student scores. Therefore, schools will not have student scores on AzMERIT back in time in 2015 to determine if a student should be held back because of the MOWR law. This means the MOWR law will not be used to make retention decisions for the 2015-2016 school year. This delay and change in retention decisions will only be in place for one year. Once scores on AzMERIT are received, and if it is determined that a student scored FFB, they will be entitled to the additional reading services they would have received had they been retained.

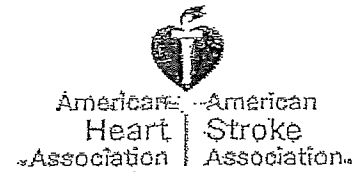

The school will continue to keep you informed of your child's progress through the remainder of 3<sup>rd</sup> grade and into your child's 4<sup>th</sup> grade year. You will be informed of your child's performance on AzMERIT once scores become available in Fall 2015. If you have any questions regarding the new assessment, AzMERIT, and its effect on MOWR, please feel free to contact the school. We will continue to update you as new information becomes available.

Sincerely,

Ms. Gabaldon

MOWR Coordinator
