

Home Economics

Week 2/17/25-2/21/2025

Dear Parents and Guardians:

This week the students in 5th and 6th hour will be learning about what it is to be a parent. The students will have a baby doll which they will be responsible for and take care of all day and night for 3 days. The students will care and treat the baby as if it was a real child. There will be paperwork for them to complete and some will also need to be signed by their guardian. I appreciate your support with this class activity.

The 8th hour class will be learning about staying healthy and healthy habits. Since I don't have enough babies for all the classes to do the early childhood segment at the same time. Next week the classes will switch assignments.

I still need permission slips for some of my students to be able to participate in cooking activities and eating the food they make. I need to know of any food allergies or sensitivities before planning foods to make. Please have your student bring me this information as soon as possible.

Thank you,

Mrs. Hilborn
