

Home Economics
Week February 3-7, 2025

Dear Parents and Guardians:

This week has been an unusual week with the snow that we desperately needed. Most of the students have started to work on their next assignment cutting out a heart or oval shape and creating their own decorations or designs to sew on them. The students have become very creative and have seemed to enjoy this activity. We will continue to work on this sewing project this next week also. If you have any contributions to our class, we will gladly accept them.

Thank you for your continued support.

Mrs. Hilborn
Home Economics Teacher
