## Thank you, Crayola!

Every year, the 3rd graders have a difficult time coloring the Arizona flag. The star is copper, which represents the copper produced in Arizona. Only the box of 64 crayons carries the copper crayon. This summer, I wrote to Crayola and asked if they sold copper crayons in bulk and explained why we needed the copper crayon. Their response was great. They said they wanted the students to see the true color of copper in the flags, so they sent me copper crayons without any charge. Now, when we color our Arizona flags, we will actually see the true color of copper and not one made up from many different colors. Thank you, Crayola.

### REGARDING DISMISSAL

Dear Parents and Guardians,

This message is for the families of students who walk to Circle K after school or students whose parents park at Circle K to walk over and pick up. We have been contacted by Circle K and they will no longer be allowing parents to park in their lot for school pick up.

Law enforcement has been notified and, if necessary, Circle K will be well within their rights to press trespass charges on repeat offenders. Because of this, students will no longer be allowed to be picked up at Circle K and parents are discouraged from parking at Circle K to walk over. Parents are invited to park in or near the old Big 5 parking lot, instead. If you notify the school (there is a form to fill out), we will even bring your students out to you (you must show your yellow card for pick up).

Students who are walking into the neighborhood to go home, will still be escorted to the crosswalk at dismissal.
