Teacher Interview

The newsletter interviewed Mrs Wagner this week and here are her responses.

1) I have not worked at any K-12 schools before, but I have worked for a college called Brigham Young University! I was a teacher assistant there for several classes for about 2.5 years!

2) I help out Mrs. Watson's 5th grade class and I also work with our Occupational Therapist in the Special Education department.

3) I DO like being an aid for this school! It has been a blast getting to know all of the different kids and awesome teachers. Everyone is so friendly which makes everything so much easier. Also, fun fact- my husband used to go to this school! So every day I get to walk the same grounds he did when he was little! It's pretty cool!

4) I chose to be an aid when my husband and I decided to move to Prescott Valley. We have a lot of family and friends who work here or have lots of connections to the school so they were able to help me get the position as an aid!
