

KINDERGARTEN NEWS

WEEK # 4

August 28th - September 1st

2023 - 2024

Hello Parents,

Our class is starting to settle into a daily routine. Structure and routines make children feel safe. The students have gone through many changes in the last 3 weeks and are doing ok. Please remember to check your child's folder each night. :-)

My newsletters, starting next week, will be more about the topics we will be working on in class that week. This week we are learning Gg, Hh and reviewing A,B,C,D,E,F. This is a review of the letter name and the sound/sounds the letter makes. We are working on number recognition and one to one number correspondence. Science is about "Our World". In Social Studies we will learn about our flag and the pledge. You can see our days are busy and we transition many times which takes self control. We are doing ok and getting better with each day!!! 😊

IMPORTANT: Progress Report #1 will be coming home on September 8th.

Below are a few important items:

1. The students need to understand that if I put their name on the board - it is only a warning - nothing happens. I have gotten lots of tears and students actually yelling at me to remove their names off the board. < This is still happening!
2. The students will have a practice page every night of the week, except Friday. This work is review from lessons done in class so your child should understand it so they can do it on their own with your guidance. The guidance you give should be just helping them stay on task and try their best. Please, if this time is more than 15 min. - **Please stop** and just write me a little note. We do not want to stress on this.

3. ****On the homework folder** - I have decided to change the daily behavior chart on the front of the homework folder. It was hard for the students to read.

The markings will be:

Sticker or happy face - Great day! = 

Warning and name on board + ✓ =  (No sticker)

Warning , name on board + ✓ or more than one ✓ =  Hard day! I will call or I will send a note or write on the square.

**** Please talk with your child each night about their day. I am here if you have any concerns.**

4. If a child's behavior is severe, I will write or call you. Please understand, I will not use you (the parent) as a discipline weapon. The child and I have to develop an understanding. Keeping them home does not help. Thank you!

5. If your child is bringing their own lunch from home > please use some form of ice pack. We do not have any way of keeping things cold.

6. **Please no markers or scissors just yet!** ❖❖

7. Our room could use some baby wipes. Thank you parents for bringing in supplies.. It helps our class.

8. Please make sure your child is not bringing toys to school. Check in their Backpacks. Thanks
