August

My goal is to have every student earn a reading trophy this school year. Please make sure your student is ready to you daily at home.

Many of our students are experiencing the “sneezy sniffles” and coughing. We are encouraging our students to cover when they have to cough or sneeze or sneeze into their shirts.

Please send your student to school with a bottle of **water** to keep on the floor under their desks.

splash

This past week, one of our students took something out of another student's backpack without permission and then gave items from that backpack to other students. This is theft! Please talk to your students about keeping their hands to themselves and not touch other students' belongings..

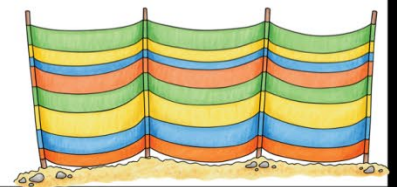

you are awesome

PLEASE work with your students to learn their math facts! They need to know addition, subtraction, multiplication and division facts for math.

You can reach me at:

marguerite.mcpherson@fppsphoenix.net

Your student does have assigned reading with questions to do every night as homework done AT HOME. They should read out loud to you or a sibling.
