AZ State Testing: April

Please do NOT schedule any doctor
or dentist appointments for your
student during the first week of
April. This is when our Arizona
State Testing will be and
your student needs to be here
on time every day.

phonograms.

Math: attached paper(s) done in class

Friday: No Homework Friday

Please remind your student to cover their mouth and nose when they cough and/or sneeze! We are giving students masks to wear if they are sneezing or coughing a lot to prevent the spread of colds and flu.

During Arizona State Testing (the first 8 days of April), your students must be quiet in class and cannot get up and walk around the classroom, which are the same rules for our regular classes.

Cold and Flu season is here! Please send in a box of Kleenex if you can as well as some Clorox Wipes. (Please buy the lighter scents - - Clorox Coconut and Water Lily or the Clorox Pacific Coconut.) Thank you

We are preparing for state testing in April. Your student will need to know all their math facts (addition, subtraction, multiplication, and division) to pass the math portion of the test. NUMBEROCK Multiplication Videos will help your student learn his or her Multiplication Facts!

Please call me if you have any questions about your student's grades. We can meet before conferences in March.
