- 

**Learning Focus:**

- **Writing the Alphabet:** We will continue to practice writing letters, focusing on letter formation and recognizing both uppercase and lowercase letters. Your child will be encouraged to write their name and other simple words.
- **Numbers:** We will begin working on writing and recognizing numbers, starting with 1 through 10. Hands-on activities will help the children learn counting and number recognition.
- **Sounding Out Words:** Each week, we will focus on sounding out simple words and practice writing them. This will help your child understand the connection between letters and sounds and build early reading skills.
- **Fine Motor Skills:** We will continue to strengthen fine motor skills through activities like cutting with scissors, drawing, coloring, and building with blocks. These activities help improve hand-eye coordination and prepare the children for writing.
