You may also call the school after 6pm and our answering machine will give you the update @ 775-6747.

When we have the final approval breakfast and lunch will start the same day. "Breakfast in the Classroom" will be free for all students. JH students & intermediate band students will have the option to arrive at 7:40am in the new lunchroom for a free breakfast. AM-K – 5th grade will have their breakfast when school starts in their classroom. You will receive a letter next week if you qualified for a free/reduced lunch otherwise lunches are \$2.75.

"150 Years of Christmas Memories"

Prescott Christmas Parade

Saturday, Dec 6th

All students are welcome to walk with their parents in the parade. Our theme will be an old fashion Christmas with the children being dressed as angels. You may wear your own costume or the school will be able to provide some children with costumes. If you would like to walk you must RSVP by November 28th so we may ensure we have enough costumes ready. Walkers will meet no later than noon across from Murphy's @ Cortez & Montezuma.

Band members may wear their own black pants for the parade. If your child does not have black pants please let the school know and he/she will be provided with black uniform pants. Band members will meet no later than 11:30 across from Murphy's @ Cortez & Montezuma. Come dressed instrument in hand (leave your case in your vehicle).

The bugs are on the crawl

One of the most unprejudiced creatures on earth is a louse. They do not care if you are rich, poor, clean, dirty, cute, ugly, big, fat, skinny or tall. They do not care about religion, a clean house or living in the boonies. It can be freezing cold or blistering heat and they keep surviving on our heads. Lice are transmitted as easily as the common cold. We have had a confirmed case in Kindergarten.

Facts:

Head lice are transmitted mainly through close head to head contact.

Children working or playing in small groups are all at risk for transmitting head lice.

Head lice may also be transmitted by sharing personal items (i.e. combs, brushes, etc.)

Parents, caregivers, and siblings may acquire head lice from younger children through sharing pillows, beds, towels, brushes or combs.

It is important to get rid of lice as soon as possible so that other members of the family or close associates may avoid infestation.

Head lice are not prejudice!

There are many fine lice products on the market.

If you have any questions feel free to call your doctor or you may call Mrs. Tubbs at the school 775-6747.

Strep Throat

We have had a case of strep throat in Kindergarten & 2nd grade.

Symptoms

Children will usually get sick 3-5 days after exposure.

Illness begins suddenly with fever,

sore throat, headache & stomachache are common.

The throat and tonsils are often swollen and beefy red.

Strep will sometimes cause foul smelling breath.

How is it diagnosed?

A doctor will conduct a strep test.

How is it treated?

Antibiotics are often used to treat strep throat.

Ibuprofen may be given for pain.

How can it be prevented?

Avoid close contact with contagious people.

Children may return to school 24 hours after antibiotics have been started

Attention 1st grade girls and parents!!

Did you know there is a Girl Scout troop that meets on the Franklin campus??

We have a few more spots open for 1st grade girls in our troop!
This a great time to join and earn badges for the rest of the year.
The annual membership fee is only \$15 and financial assistance is available!

We meet on Thursdays from 3:45 pm – 5:15 pm, right after Homework Club.

For more information about Girl Scouts, visit GirlScouts.org or contact me, Daniella Espinoza, for information about our troop and Girl Scouting in our area.

My Daisy Girl Scouts are excited to have new friends join their troop!
