Parent Representative Mrs. Lira 360-259-3909

RE-ENROLLMENT FORMS MUST BE RETURNED NO LATER THAN APRIL 28TH. MAY 1ST! WE WILL BEGIN ACCEPTING NEW STUDENTS TO FILL OUR OPEN SPOTS!

We would like to thank the Frank family for helping so graciously with the 8th grade trip by funding the bus. The 8th grade will be going to Universal Studios.

TEAM SAGE

Every Wednesday
wear orange
to support Sage

All after school 21st century classes and tutoring will end April 28th. This is because our grant that funds our after school program ends. Please plan ahead to have your child/children picked up at their normal dismissal time. Thank you.

Dress Code

Shorts must fit at the natural waist. Shorts may not have holes, ragged edges, or loose hems.

Spandex or tight fitting shorts are not permitted. Shorts must not be so short or so baggy as to reveal body parts or undergarments. Shorts must go to mid thigh and not ride up when sitting. Shorts may be worn under skirts to promote modesty.

YEARBOOKS STILL ON

SALE! Limited amount left.

See Ms. Olson - \$20.00

FOR IMMEDIATE RELEASE:

HEADLINE: TEACHERS, NEW AND EXPERIENCED, SUPPORT EACH OTHER AND LEARN TOGETHER IN A UNIQUE PROFESSIONAL LEARNING PROGRAM

PHOENIX – The Arizona Science Teachers Association (ASTA) is focusing on retaining STEM teachers in AZ classrooms. Through the Teacher Leadership Program (TLP) new STEM (science, technology, engineering and math) teachers (protégés) as well as experienced teachers (mentors) collaborate to support professional learning that meets the needs of new teachers as well as developing teacher leaders. This mentoring program uses a hybrid face-to-face and electronic communication approach to build instructional and leadership skills of science teachers throughout Arizona.

Mentors and protégés apply to participate and commit to a 3-year cycle of ongoing learning in a carefully designed, implemented, and assessed program. Funding support from the APS Foundation allows the program to reach teachers across the state. ASTA partners with the Arizona Association of Teachers of Mathematics and the Arizona Technology in Education Association to deliver the induction and leadership program that meets the needs of STEM teachers. The program is carefully and skillfully organized and facilitated in order to meet the goals and objectives that result in retaining our science/STEM teachers.

The TLP serves dual roles – it provides a statewide induction program for novice teachers of STEM (science, technology, engineering and math) (K-12) as well as leadership training for experienced K-12 teachers of STEM. ASTA couples face-to-face professional development via an annual science conference and regional professional development meetings with on-line experiences to develop relationships among K-12 teacher leaders (mentors) with novice K-12 teachers (protégés). The TLP has two main goals:

- 1) Support novice science teachers (protégés) by providing them a mentor, resources, and a professional learning community; and
- 2) Develop leadership skills in current classroom teachers (mentors) by providing them the opportunity to be mentors to protégés, training and resources, and a network of leaders in implementing science education reform.

The objectives of the TLP include:

- Increase the science, technology, engineering and/or math pedagogical content knowledge of mentors and protégés
- Increase the knowledge and leadership skills of master teacher-leaders as mentors
- Increase the degree of collegial support provided to participants

Participants in the TLP will meet throughout the 2016-17 academic year. They include:

Mentors

Kristi Goeke - Yavapai County
Vicki Massey – Maricopa County
Geneva Baker – Pinal County
Svea Anderson - Pima County
DaNel Hogan – Pima County
Alise Kraus – Pinal County
Kimberly Dugdale – Apache County

Protégés

Audrey Corners - Yuma County
Josiah Sanchez - Maricopa County
Maggie Cannon - Maricopa County
Mark Calton - Pima County
Ariana Gowda - Maricopa County
Kelley Hawley – Yavapai County

Press Release for the "Judgement Problem" A Noodle Squad Production

The 4th grade at Franklin Phonetic School is presenting an original opera, "The Judgement Problem." Each student in 4th grade has participated in the many areas of writing this opera. Carpenters, electrician, costumes designers, make-up artists, composers, writers, and performers are just a few of the areas that make up an opera. We invite you to join us on Thursday, April 27, 2017' at 1:00 p.m. and 7:00 p.m in the Franklin Phonetic auditorium.

This opera is about a group of kids who bully a new student for being different. In the end they realize judging is not right and become friends.

So POP on in and join us for this fantastic opera. Other things may POP out in this opera!

College for Kids • 2017 Class Listings

ARTS & CRAFTS

Cartoon Characters & Critters • Ages 8-12

SU17-102CK • Tue & Thu, 6/6 to 6/15/2017 • 9 am - noon

Prescott • Bldg 31, Room 102

What makes an elephant look like an elephant? How do you draw expressions and emotions on a cartoon face? Learn how to do this along with basic sketching techniques. Draw cartoon people that look animated and loose and all sorts of animals. Explore cool areas such as Drawing 2D, coloring and using art supplies effectively. The instructor is an award-winning cartoonist and picture book illustrator, who shares his love of the craft in a fun and (slightly silly) atmosphere – perfect for summer vacation!

Tom Fox • \$95

Kids Draw Like a Pro • Ages 12-17

SU17-103CK • Mon & Wed, 6/5 to 6/14/2017 • 1 - 4 pm

Prescott • Bldg 31, Room 102

Discover drawing secrets of the Pros. Have fun learning basic drawing techniques while creating an accurate drawing of the subject. Learn to select the correct colors and how best to apply the colored pencils. Ken Ottinger is a professional artist, Illustrator and art educator. If you would like to know more about the instructor and see examples of his students' work, please review his web-site at: sites.google.com/site/kenottingerteaching/. All supplies included in tuition.

Ken Ottinger • \$100

Fabulous Photoshop Fun • Ages 8-12

SU17-104CK • Tue & Thu, 6/6 to 6/15/2017 • 1 - 4 pm

Prescott • Bldg 19, Room 208

How would you like to take a picture of yourself and have it magically appear in a magazine ad? Or design a professional-looking poster or report cover with just a few clicks of the keyboard? Learn how to edit photos and artwork to produce fabulous original photo compositions and graphics using Photoshop Elements, the foundation program for Adobe Photoshop.

Tom Fox • \$95

Flights of Imagination: 3-2-1 Blast Off • Ages 6-13

SU17-106CK • Mon to Thu, 6/19 to 6/22/2017 • 1 - 4 pm

SU17-107CK • Mon to Thu, 7/10 to 7/13/2017 • 1 - 4 pm

SU17-108CK • Mon to Thu, 7/17 to 7/20/2017 • 1 - 4 pm

Prescott • Bldg 31, Room 102

Take flight to an Imaginary World created by kids – for kids. Sculpting, creative writing, painting, handwork, activities, games and gentle live bunnies are a few of the hands-on activities kids will be busy with in this Steiner-Waldorf style class. Kids will create ideas and explore their imaginations guided by their passions and interests in the world around them. All materials included. Bring some snacks.

Jennifer Shinohara • \$115

Paint Like the Masters 101 • Ages 5-12

SU17-109CK • Mon to Thu, 6/19 to 6/22/2017 • 9 am - noon

Prescott • Bldg 31, Room 102

Everyone is inspired by art of the masters - Da Vinci, Monet, Van Gogh, Matisse, and Mondrian. Learn ways to imitate the masters' techniques using different mediums and your individual touch. We will make a mat for the best pieces and invite family and friends to an art show and reception on the final day of class.

Sue Lord • \$115

Discover and Create Native Arts • Ages 5-12

SU17-110CK • Mon to Thu, 7/10 to 7/13/2017 • 9 am - noon

Prescott • Bldg 31, Room 102

Discover the amazing diversity of native art from around the world! We will create Aboriginal bark paintings, Huichol yarn art, Chinook face masks, Native American pictographs and petroglyph paintings, Plains ledger art, Navajo sand paintings and much more. A visit from an artist from the Yavapai-Prescott tribe will also be included, as well as an art show and reception on the final day of class.

Sue Lord • \$115

REGISTER TODAY! 928.717.7755 or www.yc.edu/collegeforkids

Paint Like the Masters 201 • Ages 5-12

SU17-111CK • Mon to Thu, 7/17 to 7/20/2017 • 9 am - noon

Prescott • Bldg 31, Room 102

Explore more amazing 20th century artists - Picasso, Miro, Pollack, Chagall and O'Keefe! We will replicate their styles and techniques using different water-based mediums adding your own individual touch and vision. An art show and reception will be highlighted on the final day of class with family and friends.

Sue Lord • \$115

Watercolor and Mixed Media • Ages 5-12

SU17-112CK • Mon to Thu, 7/24 to 7/27/2017 • 1 - 4 pm

Prescott • Bldg 31, Room 102

Explore watercolors and create your unique art using popular techniques, vivid imagery, and explosions of color - elements associated with this medium. We'll incorporate mixed media with some of the paintings to create a multi-dimensional effect. Share your artistic creations with family and friends during a casual art show and reception on the final day of class.

Sue Lord • \$115

DANCE & MUSIC

Making Our Own Music: Adventures in Music Improvisation • Ages 5-12

SU17-113CK • Mon to Wed, 6/5 to 6/7/2017 • 2 - 3 pm

Prescott • Bldg 3, Room 215

In this "Playshop", explore music improvisation as a tool for connecting with one another. There will be instruments available such as drums, autoharps and specially tuned stringed instruments for anyone to play. Or, bring your own. And don't forget your voice. Developing musical skills such as listening, collaborating, rhythm, melody making, singing, songwriting and song playing help foster life skills. Open to any kid who wants to try new things, the course is based around the idea that everyone is completely musical and has something unique to share! Space is limited.

NATURE

Art at the Preserve for Kids • Ages 10-14
SU17-101CK • Mon to Thu, 6/5 to 6/8/2017 • 8:30 am - 12:30 pm
Prescott • Offsite: Watson Woods Riparian Preserve

This week of adventure offers engaging environmental education, hands-on supervised conservation projects and enlivening exercises in the expressive arts. Exciting nature art projects intended to honor and heal the earth will be the focus, as well as journaling, drawing, and movement. Activities are designed to give access to an awareness of the land (and all its inhabitants), as well as its need for protection and conservation. Our goal is to experience bonding with the earth through fun and meaningful creative expression. All classes will be held on site at the Watson Woods Riparian Preserve, near Watson Lake in Prescott. *All supplies included in tuition.*

Denise Incao • \$190

Nature Camp 101 • Ages 8-12
SU17-125CK • Mon to Thu, 6/5 to 6/8/2017 • 8 am - 1 pm
Prescott • Offsite: meet at the flagpoles

Explore Prescott's natural wonders! Hike in a different location each day: Thumb Butte, Goldwater Lake, Watson Lake and Woods Riparian Area, Peavine Trail, Lynx Creek Ruins and Lynx Lake. Explore the flora and fauna of each unique ecosystem. Wear sturdy closed-toe hiking shoes with socks, a hat, and sunscreen. *Each day, bring a minimum of 2 quarts of water, a snack and sack lunch in a small backpack.*

Sue Lord • \$135

The Magic of Acting • Ages 8-13

SU17-131CK • Mon to Thu, 7/10 to 7/13/2017 • 9 am - noon
Prescott • Bldg 31, Room 101

Even if you're never been on stage, but like the idea of getting up in front of an audience and performing, here's your chance to develop your acting talent in a totally fun and supportive atmosphere. Taught by an award-winning playwright, actor, and director. Through a combination of individual and group improv, comedy, and monologues you'll learn many techniques to help you move and speak with confidence in a role. An added bonus: we will apply what you learn to real life situations so you can be more effective in such activities as classroom presentations. The most fun you'll have this summer!

Tom Fox • \$85

Juggling is Awesome • Ages 10-17

SU17-132CK • Mon to Thu, 6/5 to 6/8/2017 • 12 - 12:45 pm
SU17-133CK • Mon to Thu, 7/24 to 7/27/2017 • 12 - 12:45 pm
Prescott • Bldg 3, Room 215

Juggling is easier than you think. Really! Learn to juggle or expand your juggling skills from an experienced and creative instructor. Once you learn, you'll be a juggler for the rest of your life. We'll learn to do group juggling, too. And, it's good for your brain!

Frank Cardamone • \$50

SCIENCE & TECHNOLOGY

Capture Technology: Patterns in Nature • Ages 8-13

SU17-135CK • Tue & Thu, 7/11 to 7/20/2017 • 1 - 4 pm
Prescott • Bldg 19, Room 206

Learn about the rapidly changing technology in our world today. Build, explore and share in the digital world of Minecraft.edu. Examine patterns in nature through experiments that explore electricity, magnetism and optics. Learn about essential technologies such as solar energy and future inventions that could help our planet's environment. We will work in teams to design and create projects inspired by our imaginations. Let's capture technology. We can accomplish anything!
