

Hi! My name is Beth Matusiefsky and I am a fourth grade teacher here at Franklin Phonetic School. I began my teaching career in New Jersey where I was born, raised, and attended college. I graduated from Fairleigh Dickinson University with my Bachelors of Arts in creative writing and my Masters in the Art of Education with a concentration in elementary Ed.. I've always known that I wanted to be a teacher. When I started teaching I taught fifth grade for two years. I then wanted to work with younger students so I moved to Preschool and Pre-Kindergarten. When I moved to Wisconsin I worked with kindergarten and first grade students and then became one of their fourth grade teachers. I am elated to have made a lateral move to fourth grade at Franklin School. I believe that every student is a unique learner who should feel welcome, appreciated, and celebrated in the classroom! My favorite teaching saying is, "When we learn together, we grow together." I am looking so forward to continuing my educational career here, at Franklin Phonetic School!
