Remember that you can access your child's grade through the Tyler SIS parent portal.

## *Rocket Experiment*

The science class rocket launch experiment was successful. Although there was a strong gust of wind at the beginning, they did change the direction of the launch so the wind would carry the rockets back to the park when they deployed parachutes. Only two rockets failed launch. What led to this experiment was studies about motion and the effects of it like gravity. The rockets launched are capable of going up to 1000 ft high. Which is almost the height of the empire state building! They did this at Bob Edwards park. And this launch was fairly successful and they learned a lot.

## **Principal's Message**

Franklin Families, Students, and Faculty,  
Thank you to our parents who attended our November Spirit and Pride assembly and holiday band concert this past week. Our spirit and pride assembly was full of positive energy as we celebrated our students and teachers accomplishments during the month of November.

The holiday band concert highlighted our students and directors' talents while getting our students and staff into the holiday spirit. Please consider attending our holiday events next week. The junior high holiday art show is on Tuesday at 5:30 and the choir concert is on Wednesday at 1:12pm and Thursday at 6:00pm.

Thank you for your continued support,  
Principal Gabaldon

Franklin School is wondering if any of you were planning on remodeling your kitchen and would consider making a donation of good working kitchen stoves and kitchen sink cabinets to our home economics department ? We are looking for 4 electric stoves and four sink cabinets for the classes to use . Please contact the office if you can help

## **LOST AND FOUND!!!!**

We have a lot of time on our playgrounds. If your child is missing a jacket, lunchbox, or water bottle, it probably is on one of our playgrounds. All items left at Winter Break will be donated.
