Google Classroom Access

First time sign in:

1. Go to http://classroom.google.com or download the Google Classroom App for Android or iOS (or Google, "Google Classroom")

2. Sign In by entering the school assigned email: students first name and then last name (firstnamelastname@fppspv.net)   example: Walt Disney = waltdisney@fppspv.net

3. Enter password.   Student email address passwords were created in the following six digit format: year month date. YYYYMMDD   The password is the student's birthday.

Example: December 5, 2004= 20041205
   - **Note:** You must change your password after the first sign in. Please have their new password be something they will remember and write it down. Some students may have changed their passwords already. Please try to remember your changed password before contacting administration to reset it.

4. If there is a welcome message, read it and click Accept.
5. Select Student
6. Click get started.
7.Click the plus sign (+) in the upper right hand corner and select "Join Class"
8. Enter the code for the class your wish to join. Each class has a different code.

   - Science: 5iegoj4
   - English Mrs. Rutt/Goyer: ydhzl4q   (the fifth letter is a lower case L)
   - Drawing: fmk7dey
   - JH Art: ga4hjbo
   - FPS Music: 2acxuhn
   - Social Studies: ftimdk2
   - Math:
       - 6th: uxbvz37
       - 7th: yeb4ixr
       - 8th: hxiqbas

Adding another class:

If you have access or logged in to Google Classroom before follow the steps below.
Note: use the same login info for those classes and just add the new class code.

1. Go to classroom.google.com
2. Select the + sign on the top right hand side.
3. Select join class.
4. Enter class code: (see above)
5. Select join.
6. You are now part of the class.
