

Keri Nollet

Hi! My name is Keri Nollet. It has been my pleasure to work at Franklin Phonetic Primary School for 14 years. I graduated from Northern Arizona University in 2006 with my Bachelors of Science in Elementary Education. I have taught junior high, third grade, first grade and preschool. Currently I teach first grade and have been for seven years. Teaching has always been my childhood dream and still is today. I love inspiring children to grow a love for learning. I am a mother of four amazing boys, all who have attended Franklin. I love spending time with my family and most of all being a mom!
